Madurai, Tamilnadu, India.

AREA OF INTEREST

- Web Development
- Artificial Intelligence

SKILLS

- Java
- C
- Python
- Html, Css, Js
- Mysql

ACHIEVEMENTS

- NPTEL - Privacy & Security in Online Social Media (Elite)
- NPTEL - Wastewater Treatment and Recycling (Elite)
- IEEE Paper: “Strawberry Plant Disease Detection by U-Net & XGBoost” — Presented at ICCCSS and published by SCITEPRESS.

DHIVYADHARSINI S B

BTECH INFORMATION TECHNOLOGY

OBJECTIVE

Motivated and adaptable technology enthusiast with strong foundations in Java, Python, OOPs, DBMS, and problem-solving, seeking opportunities in technical roles to apply my skills, develop expertise in emerging technologies, solve real-world problems, and contribute effectively to organizational success.

EDUCATION

Velammal College Of Engineering and Technology **2023 - 2027**

- B.Tech - IT
- CGPA - 8.47 (upto 6th sem)

Nirmala Girls Higher Secondary School **2022 - 2023**

- HSC
- Score - 88.83%

Nirmala Girls Higher Secondary School **2020 - 2021**

- SSLC
- Score - 80%

PROJECTS

STRAWBERRY PLANT DISEASE DETECTION USING UNET SEGMENTATION AND XG BOOST CLASSIFICATION

Developed a strawberry plant disease detection system using U-Net segmentation for precise leaf region extraction and XGBoost classification for accurate disease identification.

Technologies Used: FastAPI, HTML/CSS/JavaScript, PyTorch, U-Net, XGBoost, PlantVillage & Kaggle datasets

AI-Powered Smart Placement Interview System - AI&ML

Developed an AI-powered placement assessment system using Machine Learning and Generative AI to automate resume screening, aptitude tests, interviews, and placement prediction.Integrated ATS analysis and AI-driven evaluation to provide personalized candidate feedback and recruitment insights.

Technologies Used: React.js, Node.js, Express.js, MongoDB, Python, FastAPI, Scikit-learn, Groq API, Judge0 API

INTERNSHIP

PHOENIX SOFTECH – AI&ML INTERNSHIP

Completed a project on “Strawberry Plant Disease Detection using AI,” utilizing U-Net and XGBoost algorithms for accurate disease identification. Gained practical experience in image preprocessing, model training, and integrating AI models into a real-time web application.

Domain - Artificial Intelligence & Machine Learning

I, DhivyaDharsini S B, hereby declare that the information furnished above is true and correct to the best of my knowledge.
